ENGINEERED FOR STEALTH AND STABILITY

Modular Assembly

No tools required with our Patented quick-latch system.

No Heavy Lifting - Lightweight

Panels weigh between 15-35 lbs.
Total blind weighs 250 lbs.

Warm and Quiet - Insulated

2" foam insulation.
Blackout carpet on floor and walls.
R11 insulated panels.

Snow Problem

Black roof design melts snow.
Panel construction designed to handle the most extreme snow loads. 100 lbs./ft²

No Sweat Roof

Insulation and venting allow heating without dripping and condensation.

Packaged Flat

Modular design allows it to fit in the bed of all standard size pickup trucks, with our stand up or lay down two way pallet.

Shatter Resistant Acrylic Windows

12"H x 32"W / 32"H x 12"W
4 vertical and 3 horizontal hinged windows (varies depending on blind model)
Tint option available.
Bottom edge of horizontal window at 38"
Bottom edge of vertical window at 32"

Maintenance-Free Exterior/Interior

All aluminum walls, floor and roof.

Wind Rated

80 MPH, F0 Tornado.

Weathertight

Bulb seals on every seam.

BLIND PURSUIT

IN HOUSE PRODUCTION

Start to finish built with pride in Iron Mountain, MI USA. Using the best materials from around the world.

SOLID STRUCTURAL SEAL AND RIGIDITY

Bolt through clear swing hinges create a tight seal between panels making the panel connections ready for years of use.

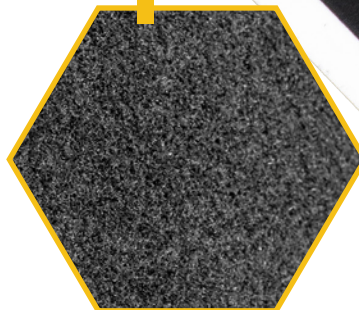

EASY GRIP HANDLE

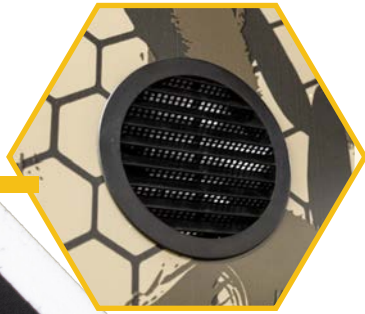

Contoured L-shaped locking handle makes it easy to open and close the blind door.

SOUND SHIELD 360 CONCEAL MOVEMENT + NOISES

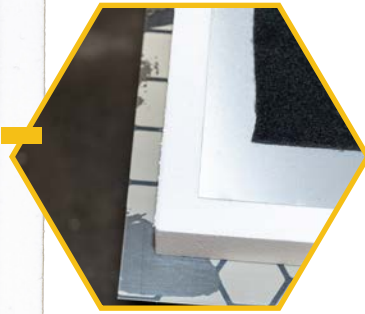

Sound-deadening blackout carpet on walls and floor keeps movement and noises concealed.

ELEMENTSHIELD360 WITH DUAL DOOR VENTILATION

All aluminum, critter proof exterior protects from the elements – top, bottom, and all sides – while the multiple vents allow moisture to escape while heating.

HUNTSHIELD360 CONCEAL SCENTS + STAY WARM

Layers to keep scent and warmth in – each panel has an aluminum exterior, 2” foam insulation, another layer of aluminum covered in carpet and held together with structural adhesive.

WEATHERPROOF WINDOWS

1” bulb seal keeps mother nature out and doubles as a cushioned shooting rest.

PATENTED QUICK LATCH SYSTEM

More than a 1400 lbs of latching pressure locks it together.

WHY ORION IS BETTER.

ENGINEERED FOR SAFETY AND STABILITY

Durable Powder Coat Paint

All steel design is critter proof and rust resistant.

Safety Inspired

Stairs and deck rail designed with commercial safety in mind. Slip resistant ladder, stair treads and deck.

Heavy-Duty Cross-Brace Structural Design

5' - 10' - 15' - a solid elevated tower.

Packaged Flat

Fits in the bed of standard size pickup trucks.

Simplified Assembly

Locking flange nuts eliminate the need for multiple washers.

Strength Through Engineering

Engineered to be stronger and lighter weight than competitors.

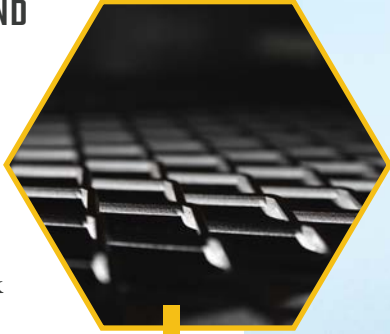

**MADE WITH
U.S. STEEL**

ELEVATE YOUR PURSUIT

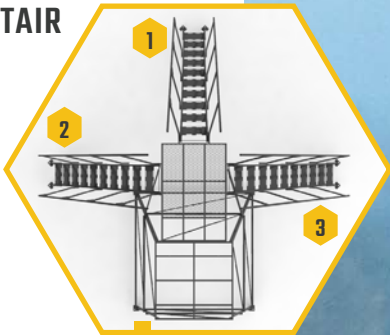

SAFELY ENTER AND EXIT

A standard 40"W x 60"L deck won't have you leaning, twisting, and turning when entering the blind. Able to stand on deck to open door.

THREE POSITION STAIR

Unique to the industry. Position your entry based on your surroundings. Tight spots don't stand a chance.

SLIP RESISTANT TREADS

Safely climb your ladder or stairs no matter the weather.

LOCK DOWN SAFETY ANCHORING SYSTEM

Seven-point anchoring system keeps your stand upright and locked down – for your safety and the safety of the product - even when not in use.

ROCK SOLID

Corner-to-corner angle braces on all sides gives this stand a superior structural design.

UNEVEN GROUND? LEVEL UP

Built-in leveling systems level up the stairs and the base, so your stand is level, even when the ground is not.

12” adjustability per leg.

ELEVATE YOUR PURSUIT

SHAKE TEST APPROVED, CRITTER PROOF, AND ROT RESISTANT

All steel and powder-coated elevated hunting stands that only require two tools for assembly - 9/16" wrench and a power impact drill.

What do you get when you take a group of engineers with a passion for hunting?

ORION HUNTING PRODUCTS FORGED IN THE NORTHWOODS

Growing up in the upper Midwest, hunting is a rite of passage. For generations, fathers and grandfathers teach their children the ways of the hunt - and ours were no exception.

As engineers, we wanted to improve on the traditional hunting blind and hunting stands available on the market. As hunters, we wanted to improve on the safety and comfort of hunting in rugged terrain and a variety of temperatures ranges. The safety measures incorporated into our Orion blinds and stands allow hunters of all ages to get out and hunt safely.

All Orion hunting blinds and Orion hunting stands are designed by engineers and fully manufactured at our facility in Iron Mountain, Michigan. Proudly made in the USA.
